## Class Description:

Come and have some Christmas fabric fun by designing and making your own mantel scarf to set off your festive decorating. You can also embellish your pennants with bells or tassels. You will need to do a little bit of maths to customise your own mantel scarf, that's the hardest bit, the rest of the time is just joyful sewing!

*You will need to measure your mantel shelf (length and depth) before the class and bring these measurements with you.*

## Fabric & Materials Requirements:

- 0.5m for the top of the mantel
- Approximately 30cm of each different fabric you would like to use – up to three fabrics works well. Directional fabric is likely to need more.
- 1m of backing fabric, a plain colour or calico, for the back of the mantel cover and pennants (you may need more, again dependent on size)
- Bias binding or seam tape
- Any embellishments you wish to add to the bottom of your pennants

## Equipment:

- Sewing machine (don't forget foot pedal, power lead and accessories e.g. feet, needles, bobbins plus your manual).
- Rotary cutter, large cutting mat and acrylic ruler.
- Matching threads for piecing.
- Marking pen or chalk pen.
- Basic sewing kit (scissors, hand needles, thread snips, unpicker, pins, etc).
- Notepad, pen and propelling pencil.
- Measurements of your mantel shelf.

## Please remember:

- We have 6 sewing machines (Janome M100 QDC) for hire; if you would like to hire one for this class, please do book one in advance – they are available on a first come, first served basis.
- The windows may be opened periodically during the class to allow for adequate ventilation.
- To bring your own equipment where possible.
- Please read the terms and conditions (under "Classes and Demonstrations" on our website).
